# The Liberty City **LGBT** Legislative Scorecard

## Holding Our Legislators Accountable

### **Purpose and Methodology of the Legislative Scorecard**

The Liberty City LGBT Democratic Club is proud to issue this legislative scorecard which rates members of the Pennsylvania General Assembly from Philadelphia and the southeast region of the state on their support for legislation important in moving our Commonwealth towards LGBT equality.

We hope that this legislative scorecard will be a resource for constituents, voters, advocates, and the media who wish to better understand which legislators are allies of the LGBT community, and which still need convincing.

Our scores are based on the support each legislator has given to a series of targeted pieces of legislation which are priorities of Liberty City and the LGBT community. Due to the conservative nature of the legislature, there have been no votes on any these bills so far in the 2013-2014 session. Therefore, we have scored each legislator on whether or not they have signed on as a cosponsor of the legislation. A cosponsor is a senator or representative who officially adds his or her name as a supporter to the bill. Legislators are given credit if they have cosponsored a targeted bill by the time this report was issued.

The House and the Senate are two separate chambers that each have their own agenda, and not all legislation is the same in each chamber. In both houses, we have targeted a non-discrimination bill, a hate crimes bill, a marriage equality bill, and a bill banning conversion therapy for minors.

However, the Senate has not yet introduced any anti-bullying legislation, while there were several anti-bullying bills in the House. We decided to target HB 156 (The PASS Act) in the House because it is youth led, inclusive of the LGBT community, comprehensive in scope, bi-partisan, and stands the best chance of passing.

Additionally, we targeted a bill in the House that would repeal DOMA in the state of Pennsylvania. Although our priority is marriage equality, we have decided to include this legislation because it is an incremental step towards full relationship equality. On the Senate side, we targeted SB 1064, a bill that reforms the unusually onerous name change process in the state, which would be a great benefit to the transgender community.

There are still 9 months left in the 2013-2014 legislative session, so think of this scorecard as a mid-term report. It is our goal to see scores of our legislators in the region improve when we re-issue this report at the end of the session. All legislators that wish to improve their scores are encouraged to reach out to Liberty City at [info@libertycity.org](mailto:info@libertycity.org) and work with us to support legislation that moves Pennsylvania towards LGBT equality.
